

President's Report  
Jim Flax

Thank you KCA for allowing me to be your President for this coming year. I am honored and humbled by your support of me as we continue the journey that the previous 49 Presidents trailblazed for our organization. Yes, we are entering our 50<sup>th</sup> year as the state organization of the Counseling profession and we need to celebrate this milestone.

Almost all of the leadership positions are filled and each and every one on this team is an important cog that keeps the organization rolling forward. KCA leadership needs to be forward thinking and innovative. We owe this to the past members, the current members, and the future members of KCA.

With that being said, let's look forward to 2007-2008 year and set some goals that will provide our membership with opportunities to grow and make KCA a vibrant organization. The following are some of the things I would like to implement or continue:

- Integrate the Mentorship Program fully
- Celebrate the 50 year anniversary of KCA
- Make Convention the place to be
- Retain and add members
- Continue with phone calls to the entire membership
- Visit each of the region meetings during the year
- Encourage and develop new leadership

I ask for your patience and help as we move through this year. Feel free to call or e-mail with suggestions or ideas. This will require a concerted effort and we all have a stake in the direction we are going. As counselors, we will work together to make KCA an organization our members are proud to belong to.
