

PRESIDENT'S REPORT
Victoria Kandt

We are gearing up and I want to thank everyone for their efforts the last couple of months. Jim Flax has been working diligently on what looks like another fantastic convention. Nadine Bailey is working on contacting members who have let their membership's lapse and bringing them back into the association. Rosanne had a very successful newsletter. Gary has been working hard on the Drive-in conferences and our first one was a great success! Awards committee has been active and I am getting some info regarding legislative issues. Many of you have been contacting your list of members that Rick sent you and I am grateful for the time you have taken to do that. I have had quite a few positive comments regarding those contacts. Of course Rick helps keep us all in line and Lynda keeps us in the black!

I know I have not mentioned every detail of all that everyone has been doing but I want you to see that even though we all sit in our separate places across the state and sometimes wonder what everyone else is doing, we are really moving forward on some great initiatives. I look forward to our board meeting and hearing some of the actions that have taken place to move us forward.

Please look through the board and be prepared with any questions so that we can move through this as swiftly as possible. If there is a question in a report that you can directly contact the person who wrote the reports please do so ahead of the meeting and they may save us some time. Everyone's email addresses are at the end and a quick email could answer your question before next week.

Please once again look over the directory at the end and your info. I know some of it is still not quite accurate.

Thanks to all who got there reports in and I look forward to seeing everyone on the 2nd!

Kind Regards-
Victoria
