

Lori Mitchell-Kandt, M.S.
CHS Counselor

Mrs. Kandt is in her eleventh year as a school counselor and in her 15th year in education. From a farm community in southwestern Kansas, Mrs. Kandt went to the University of Kansas to earn her BSE in secondary English and social studies. She taught high school language arts and coached before attending Emporia State University to earn a master's degree in K-12 School Counseling and College Student Personnel Services.

Mrs. Kandt is committed to assisting students in academic, career and personal-social areas, and values the relationships she develops with people, believing that those relationships form the foundation for change, success and strength.

Mrs. Kandt can be reached at (785)922-6561

School Counseling Services

The Chapman School District adheres to the philosophy that the school counseling program is an essential and an integral part of the overall education process. The comprehensive program is built upon the assumption that certain educational, career and personal objectives are attainable when school counseling is no longer a service to be offered by one person, but by a program coordinated with other educators incorporating a comprehensive curriculum. Growth and learning are developmental; therefore, school counseling must be developmental and sequential.

CHS Counseling Program:

- *Reaches ALL students
- *is a domain approach to services
- *is accountable for programming/services
